

## Declaration of Conformity

The company **FUEL INVEST, SE** declares that all the výrobky **3D Filaments – Print With Smile PETG** (3Dprinting filaments) are compliant with:

- a. the Directive 2002/95/EC of the European Parliament and of the Council of 27 January 2003 on the restriction of the use of certain hazardous substances in electrical and electronic equipment (also known as RoHS 1),
- b. the Directive 2011/65/EU of the European Parliament and of the Council of 8 June 2011 on the restriction of the use of certain hazardous substances in electrical and electronic equipment (also known as RoHS2),
- c. the Commission delegated Directive (EU) 2015/863 of 31 March 2015 amending Annex II to Directive 2011/65/EU of the European Parliament and of the Council as regards the list of restricted substances (also known as RoHS 3),

and it may be used for production of electrical and electronic equipment.

No substances limited in the Directives were detected in any of the input materials. The limited substances are specified in Table 1.

We also declare that all the future products will be produced only from the material compliant with the Directives. If the materials don't comply, they won't be used for our filaments.

The declaration is based on the present knowledge and experience of the material suppliers. According to the RoHS directives, it is necessary to determine the concentration values of restricted substances on the final product. Our company is not responsible for the incompatibility due to wrong processing, impurities or bad handling.
